hard work and tough competitors.*

Set up and The RAPID Standard Production & Crew Arrives

Building and delivering *The RAPID Standard Barrel Race* takes well over a thousand hours and over 30 dedicated volunteers each year. We are grateful to everyone who contributes, attends and believes in our vision. *12:30 Crew Only Lunch provided at **Lakeside Acres Pumphouse powered by Walker's Water Systems**

2:30pm-8:00pm

Contestant & Vendor Arrivals

Contestants & vendors are welcome anytime after 2:30pm. Contestant parking will be **especially tight**, parking signage, maps and attendants (Lana and Munga) will support you. *There will be walking for most contestants!* Remember, this is our home and not a commercial facility. Please review maps and plan/prepare accordingly. ***Please do not plan to arrive after 8:00pm.** Why? Last year two outfits arriving after dark caused damage to our gates and it is a little muddy still.
